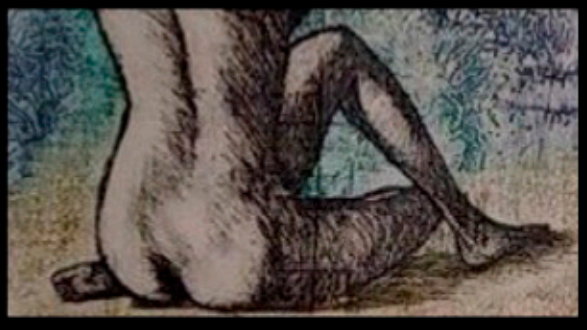
Featured Artists

Kyle MacDonald - Painting - I have planted more than 100,000 trees, delivered more than 1000 pizzas and eaten a scorpion. I have also traded 1 red paperclip for a house. My newest passion is a series of original colourful 'squiggle' paintings of animals & activities in the Columbia Valley.

Dale Hunt - Mixed Media - My deep sense of self exploration appears throughout my art, whether it be in recognition of travel or the discovery of a new found passion. I am a self-taught artist who works from my home-based studio in Wilmer.



Brenda Valerio - Printmaker - I am predominantly drawn to printmaking. I love the spontaneity of surprise when pulling a print for the first time. It is like opening a present every print!

Gerry George - Ceramics - Each day is a new challenge to throw better, to change up routine and try new things. I am self taught and always willing to experiment with new decorating and glazing techniques.
